

Measuring angles

Measure each angle with a protractor, its centre on the corner and its base line along the flat arm. Then circle acute, right or obtuse.

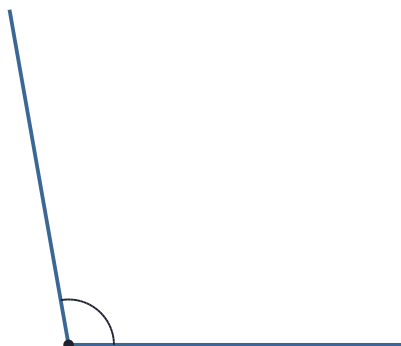

Name _____ Date _____

1.

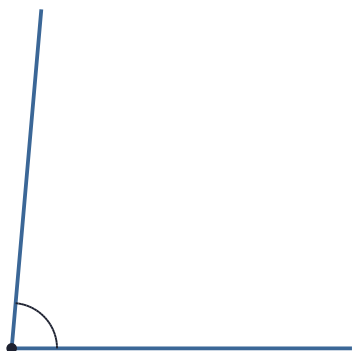

Angle: _____° acute right obtuse

2.

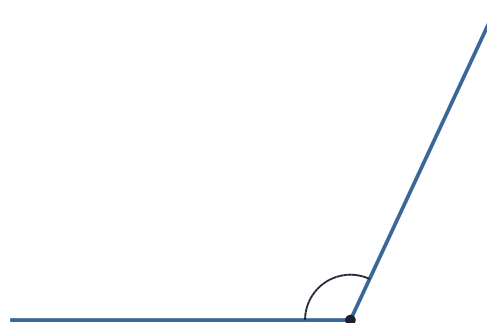

Angle: _____° acute right obtuse

3.

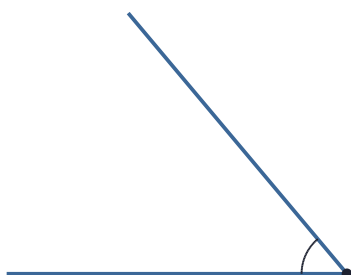

Angle: _____° acute right obtuse

4.

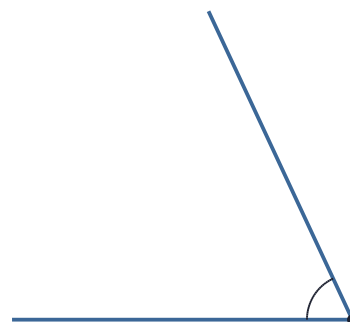

Angle: _____° acute right obtuse

5.

Angle: _____° acute right obtuse

6.

Angle: _____° acute right obtuse

Answer key

Measuring angles

- | | | | |
|----|---------------------|----|---------------------|
| 1. | 145°, obtuse | 2. | 100°, obtuse |
| 3. | 85°, acute | 4. | 115°, obtuse |
| 5. | 50°, acute | 6. | 65°, acute |
